Project Name	Smart Lender
Maximum Marks	5 Marks

Problem-Solution Fit Canvas

1. Customer Segment(s) [CS] Individuals and salaried employees seeking personal loans (e.g., for education, medical, travel, home improvement, etc.). Banks, NBFCs and lending institutions.	6. Customer Limitations [CL] - Limited financial knowledge. - Lack of clarity on eligibility criteria and approval chances. - Many documents required. - Time consuming manual process. - Dependence on bank visits and follow-ups.	5. Available Solutions [AS] Pros: Existing bank/NBFC websites provide loan information and eligibility calculators. Cons: Generic results, lengthy process, less accurate, no instant personalized recommendation.
2. Problems / Pains + Frequency [PR] - Complex and lengthy loan approval process. - Uncertainty about loan eligibility before applying. - Multiple document verification and manual checks. - High rejection rate without clear reason. (Occurs frequently for every loan applicant)	9. Problem Root / Cause [RC] Traditional loan approval relies on manual verification, rigid rules, and human judgment which causes delays, inconsistencies and lack of transparency in eligibility assessment.	7. Behavior + Intensity [BE] Highly frustrated and anxious during loan application process. Applicants compare many options and repeatedly check eligibility to avoid rejection. Intensity: High
3. Triggers to Act [TR] - Need for urgent funds. - Life events (medical emergency, education, travel, business, etc.). - Attractive loan offers or low interest rates. - Suggestions from friends, family or financial advisors.	10. Your Solution [SL] Smart Lender – AI Powered Loan Eligibility Prediction System. Predicts loan eligibility instantly using machine learning based on user details. Provides eligibility score, approval probability and personalized suggestions to improve chances of approval.	8. Channels of Behavior [CH] ONLINE: Web application, mobile app, comparison websites, email notifications, social media ads. OFFLINE: Bank branches, financial advisors, friends, family recommendations.
4. Emotions Before/After [EM] Before: Confusion, stress, uncertainty, fear of rejection. After: Relief, confidence, transparency and satisfaction from knowing eligibility in advance.
